The irony of this [program](#). You intend to know more about satan , yet u have gone to bring a mallam who isnt of the bible to come and talk about the fall of satan and his kingdom, instead of going for people who the bible recommend. Deception, see the way he explained how satan had his power. Very funny, satan went to God and ask for power to bring people to hell.... so funny

Another irony of this program is that from the way the background sound and pictures portray, it depicts fear and outright concentration on realm of darkness. very funny and myopic from the producers. have they forgotten that t according to the bible, the realm of Light is bigger than the realm of darkness and that righteous spirits are more than evil spirit. so why is it that the program concentrates on the realm of darkness . smh . shame on u Adom Fm for depicting unnecessary fear instead of helping society come to light

this host always says "3y3" "3ye" in every program and that's very annoying.

According to this Mallam even Muhammed was killed by some juju, the one who brought islam and he died, what assurance do u have as a muslim that u are safe... think twice and make a decisive decision for ur life
